

## INTSORMIL CRSP Budget Objectives: Page 2

**Percent of Project Effort**

%

**Objectives of the INTSORMIL CRSP Program**

1

Facilitate the growth of rapidly expanding markets and end-use industries for sorghum and pearl millet

2

Refine integrated management strategies to improve sorghum and pearl millet stability, yields, food safety, and nutritional quality and control pests, with the intent to enhance marketability and consumer health while maintaining or improving natural resources

3

Disseminate integrated management information to partners, technology transfer agents, and producers of sorghum and pearl millet to enhance adoption of practices in the field

4

Enhance global sorghum and pearl millet genetic resources and the conservation of biodiversity

5

Strengthen human and institutional capacity to sustainably increase the production of sorghum and pearl millet to ensure global food security and reduce poverty

6

Strengthen effective partnerships with national and international agencies engaged in the improvement of sorghum and pearl millet production and the betterment of people dependent on these crops for their livelihoods
